Comments Q1) <del>what</del> what would happen if the workers hands are busy to press the button with in 30 sec (project 1 helmet) - False chaos - not convinced from smart helmet and would not recommend to move forward with it. - could add a slide of marketing and making their product - can use arduino uno for prototype.						Husain Udaipurwala  Comments Good explanation 8/10
						Chris D Souza  Comments Good Presentation 9/10
						Raghd Dawood  Comments Good Presentation 7/10
						Safwaan Syed  Comments needs to work on improving voice pitch 10/10
						Husaina Virpurwala  Comments Good Presentation 8/10
						Muhammad Mapkar  Comments improve voice pitch 7/10
Which project should be selected? (Aligned with theme and requirements, feasible within allocated time and budget) - Seizure Smart Watch

Comments - Smart farming project has not been studied properly - hardware and sensors research not done properly in terms of functions and costing. - Better to drop out from smart farming project as it is not unique from existence. And if not sure of the sensors.					Joud Almomani  Comments Good Presentation 9/10	
					Muaadh Shihabdeen  Comments Good but should avoid reading from mobile 9/10	
					Mohammad Sabah  Comments Good Presentation	
					Lujain Almomani  Comments speaks fast and in lower vol. 7/10	

Which project should be selected? (Aligned with theme and requirements, feasible within allocated time and budget)

Smart Parking is ~~a~~ <sup>is</sup> preferable as it is unique. But still needs to be aware of the hardware
